

PHOTO UNIT  
2012 - 2020

TANYA AHMED

## Response

March 2020

Everything always changes  
But we adapt quickly  
Barely remembering what just was

But this month we noticed the changes  
It was sudden and drastic  
Stay in, stay apart or get sick

Essential workers still work  
2012 I photographed the Photo Unit  
2020 I needed to do it again  
Acknowledging the past and the present

Photographing as a response  
to uncertainty and change
